

Priorities for 2010-2011

Our purpose remains the same.

To represent the interests of the residents of the Hay West and Stanley West Wards in the Municipality of Bluewater.

Our Priorities and Activities for 2010/2011

1. To continue our attendance at the Bluewater Council Meetings
2. To continue meetings with Council representatives and the Bluewater Administration to increase the visibility and action related to the issues affecting the Shoreline Residents
3. To increase community awareness of timely and significant information through our communication network. i.e. the Newsletter (hard copy) the e-Bulletin, emails and through various meetings.
4. To work toward improved water quality at all Bluewater beaches and in the ravines.
5. To continue to track the impact of the assessment changes on our property taxes and to improve the related level of services
6. To continue to make the community aware and informed of the realities of the planned proliferation of wind turbines across Bluewater.
7. To continue to monitor the Sewer Project for Hay providing current, accurate details with regard to progress. To monitor the movement toward mandatory inspection of Septic Systems along the Lakeshore.
8. To work toward a general meeting in June 2011 to redefine our position statements related to the action items above and other relevant issues.
